 - a. In the specifications (including drawings and designs);
 - b. In the method or manner of performance of the work;
 - c. OWNER-furnished facilities, equipment, materials, services, or site; or,
 - d. Directing the acceleration in the performance of the work.
- 2. Any other written order or oral order (which, as used in this Paragraph 2, includes direction, instruction, interpretation, or determination) from the OWNER that causes a change shall be treated as a change order under this clause; provided, that the CONTRACTOR gives the OWNER written notice stating: (a) the date, circumstances and source of the order; and (b) that the CONTRACTOR regards the order as a change order.
- 3. Except as provided in this clause, no order, statement or conduct of the OWNER shall be treated as a change under this clause or entitle the CONTRACTOR to an equitable adjustment.
- 4. If any change under this clause causes an increase or decrease in the CONTRACTOR's cost of, or the time required for the performance of any part of the work under this Contract, whether or not changed by any such order, the OWNER shall make an equitable adjustment and modify the Contract in writing. However, except for an adjustment based on defective specifications, no proposal for any change under Paragraph 2 above shall be allowed for any costs incurred more than 20 days (5 days for oral orders) before the CONTRACTOR gives written notice as required. In the case of defective specifications for which the OWNER is responsible, the equitable adjustment shall include any increased cost reasonably incurred by the CONTRACTOR in attempting to comply with the defective specification.

5. The CONTRACTOR must assert its right to an adjustment under this clause within 30 days after: (a) receipt of a written change order under Paragraph 1 of this clause; or (b) the furnishing of a written notice under Paragraph 2 of this clause, by submitting a written statement describing the general nature and the amount of the proposal. If the facts justify it, the OWNER may extend the period for submission. The proposal may be included in the notice required under Paragraph 2 above. No proposal by the CONTRACTOR for an equitable adjustment shall be allowed if asserted after final payment under this Contract.
6. The CONTRACTOR's written proposal for equitable adjustment shall be submitted in the form of a lump sum proposal supported with an itemized breakdown of all increases and decreases in the Contract in at least the following details:
 - a. Direct Costs. Materials (list individual items, the quantity and unit cost of each, and the aggregate cost); Transportation and delivery costs associated with materials; Labor breakdowns by hours or unit costs (identified with specific work to be performed); Construction equipment exclusively necessary for the change; Costs of preparation and/ or revision to shop drawings resulting from the change; Worker's Compensation and Public Liability Insurance; Employment taxes under FICA and FUTA; and, Bond Costs, when size of change warrants revision (see Paragraph 10 below).
 - b. Indirect Costs. Indirect costs may include overhead, general and administrative expenses, and fringe benefits not normally treated as direct costs. (See Paragraph 10 below.)
 - c. Profit. (See Paragraph 10 below.)
 - d. Equitable adjustments for deleted work shall include a credit for direct costs, indirect costs, and profit. On proposals covering both increases and decreases in the amount of the Contract, the application of indirect costs and profit shall be on the net-change in direct costs for the CONTRACTOR or subcontractor performing the work.
7. The CONTRACTOR shall include in the proposal its request for time extension (if any) and shall include sufficient information and dates to demonstrate whether and to what extent the change will delay the completion of the Contract in its entirety.
8. The OWNER shall act on proposals within 30 days after their receipt, or notify the CONTRACTOR of the date when such action will be taken.
9. Failure to reach an agreement on any proposal shall be a dispute under the Disputes clause of this Contract. Nothing in this clause, however, shall excuse the CONTRACTOR from proceeding with the Contract as changed.

 - c. Similar limits on self-performed work and work performed by others (subcontractors) shall also apply at all tiers, e.g. when the CONTRACTOR's subcontractor itself proposes to subcontract a portion of the work to others.
 - d. The cost of bond and insurance premiums is included in these limits, not in addition to them.
 - e. Greater or lesser limits may be negotiated between the OWNER and the CONTRACTOR if the nature, extent, complexity, etc. of a change warrants such an adjustment.

B. CONTRACT MODIFICATIONS AND CHANGES: No modification of this Contract nor changes in the General Conditions, Scope of Work, CONTRACTOR's Quote or Proposal, Technical Specifications, Materials List(s), or Drawings shall be made except upon prior written approval by the OWNER and CONTRACTOR. Any change(s) not approved in writing prior to commencement of the change(s) will not be eligible for payment from the OWNER. Exception: When conditions occur that warrant immediate repair (e.g. an emergency endangering health, safety, life, or property or unforeseen conditions), the OWNER shall be notified. If deemed appropriate, the OWNER may give verbal authorization to modify the Scope of Work. Any such changes shall be documented in writing by the OWNER, as soon as administratively possible.

ARTICLE VI. PAYMENTS TO CONTRACTOR

A. REQUESTS FOR PAYMENT:

1. CONTRACTOR shall submit to the OWNER invoices itemizing the goods supplied, services performed, and cost incurred since the last request for payment. Payment will be made after review of the CONTRACTOR's work product and upon acceptance by the OWNER of the goods supplied and services performed. See also B, Use and Sales Tax, below.

2. Reimbursable expenses (if any are allowed; typically for professional services contracts only) are limited to cost plus no more than 10%, except for: mileage, which shall be reimbursed at the current applicable IRS standard mileage rate; other travel expenses (e.g. lodging, meals, etc.), if any and only if necessary (i.e. CONTRACTOR's location is a significant distance from the Milwaukee area), which shall be reimbursed at cost only.

Pursuant to Section 77.54(9a) of the State of Wisconsin Statutes, the Housing Authority of the City of Milwaukee is exempt from Wisconsin Use and Sales Tax (see Attachment B, Tax Exemption Certificate). Bidders, therefore, shall not add State of Wisconsin Sales Tax or Use Tax to their proposals when bidding to the Housing Authority of the City of Milwaukee, but shall include in their lump sum bids only the taxes they will be required to pay directly as a consumer, when obtaining materials, equipment, etc. to fulfill the Contract requirements should they be the successful bidder. When preparing their bids, Bidders should not assume any owner-direct purchases by the Housing Authority of the City of Milwaukee (unless explicitly indicated). Bidders are ultimately responsible for determining the impact of the State of Wisconsin's Sale and Use Tax on their bids.

C. SCHEDULE OF PAYMENTS: The OWNER and the CONTRACTOR will agree on a performance and payment schedule. Schedule is typically monthly or as follows:

At 50% completion, further partial payments shall be made in full to the CONTRACTOR and no additional amounts may be retained unless the OWNER certifies that the job is not proceeding satisfactorily, but amounts previously retained shall not be paid to the CONTRACTOR. At 50% completion or any time after 50% completion when the progress of the work is not satisfactory, additional amounts may be retained but the total retainage may not be more than 10% of the value of the work completed. Upon substantial completion of the work, an amount retained may be paid to the CONTRACTOR. When the work has been substantially completed except for work which cannot be completed because of weather conditions, lack of materials, or other reasons that in the judgment of the OWNER are valid reasons for non-completion, the OWNER may make additional payments, retaining at all times an amount sufficient to cover the estimated cost of the work still to be completed or may pay out the entire amount retained and receive from the CONTRACTOR guarantees in the form of a bond or other collateral sufficient to ensure completion of the job. Partial payment requests estimates may include any fabricated or manufactured materials and components specified, previously paid for by the CONTRACTOR and delivered to the work or properly stored and suitable for incorporation in the work embraced in the Contract. Upon final completion of the work, any retainage shall be paid within thirty (30) days after OWNER's acceptance of all the work performed under this contract, providing all Contract terms have been fulfilled.

The Builder's Risk Insurance shall be for the benefit of the CONTRACTOR and the OWNER as their interests may appear and each shall be named in the policy or policies as an insured. The CONTRACTOR in installing equipment supplied by the OWNER shall carry insurance on such equipment from the time the CONTRACTOR takes possession thereof until the Contract work is accepted by the OWNER. The Builder's Risk Insurance need not be carried on excavations, piers, footings, or foundations until such time as work on the super-structure is started. It need not be carried on landscape work. Policies shall furnish coverage at all times for the full cash value of all completed construction, as well as materials in place and/or stored at the site(s), whether or not partial payment has been made by the OWNER. The CONTRACTOR may terminate this insurance on buildings as of the date taken over for occupancy by the OWNER. ARTICLE VIII. SITE SECURITY

Where the property being rehabilitated is vacant, the CONTRACTOR shall leave the building in a secured state, including locking all windows and doors and, if applicable, arming the electronic security system. The replacement of material furnished as part of this Contract, which is lost due to theft or vandalism, is the responsibility of the CONTRACTOR, until the OWNER and CONTRACTOR agree the property is considered ready for occupancy and an occupancy permit is issued, if required. Material not installed and CONTRACTOR equipment is the responsibility of the CONTRACTOR.

Where the property being rehabilitated is occupied, the OWNER is responsible to ensure the building is maintained in a secured state. The replacement of all material lost due to theft or vandalism is then the responsibility of the OWNER, unless the OWNER or his representative is not physically on the property when the CONTRACTOR leaves. In such event, the CONTRACTOR shall take action to secure the property from unauthorized access and shall be responsible for materials and equipment left unsecured.

CONTRACTOR agrees to keep the premises (building and site) clean and orderly during the course of the work, to remove all debris after completion, and to be responsible for patching surfaces opened as a result of this work. Such requests or claims for extension shall be submitted in writing to the OWNER prior to the authorized completion date.

ARTICLE X. DAMAGES

The CONTRACTOR is to substantially complete all work within the time provided in Article XXVII or will be liable for damages assessed against the Contract. Actual damages shall be assessed upon the presentation, by the OWNER, of documented loss of income or additional expenses and only when the work remains incomplete beyond the agreed upon completion date. If actual damages cannot be easily calculated, then liquidated damages not to exceed One Hundred and 00/100 Dollars (\$100) per day may be assessed. The sum of damages, either actual or liquidated, will, if assessed by the OWNER, be subtracted from the payments to the CONTRACTOR.

ARTICLE XI. INDUSTRY STANDARDS

The Bid Documents prepared for the work covered in this Contract have been developed to provide a completed project. If a dispute should arise as to whether work is done in accordance with the Bid Documents and/or in a workmanlike manner, then the OWNER shall first assess the matter against this Contract, then the Scope of Work, Specifications, and Drawings. If these documents do not provide a resolution, then the Construction Industry Quality Standards as compiled and provided by the Metropolitan Builders Association of Greater Milwaukee Inc. shall be referred to for resolution.

ARTICLE XII. DISPUTES

- A. The OWNER and CONTRACTOR shall make good faith efforts to resolve their differences informally. If unsuccessful, all claims or disputes arising under or relating to this Contract, including any claims for damages for the alleged breach thereof that are not disposed of by agreement, shall be resolved under this clause.
- B. All claims by the CONTRACTOR shall be made in writing and submitted to the OWNER for a written decision. A claim by the OWNER against the CONTRACTOR shall be subject to a written decision by the OWNER.
- C. The OWNER shall, within 30 days after receipt of the request, decide the claim or notify the CONTRACTOR of the date by which the decision will be made.
- D. The OWNER's decision shall be final unless the CONTRACTOR: (1) appeals in writing to a higher level in the OWNER'S governance in accordance with the OWNER'S policy and procedures; (2) refers the appeal to an independent mediator or arbitrator; or (3) files suit in a court of competent jurisdiction. Such appeal must be made within 30 days after receipt of the OWNER's decision.
- E. The CONTRACTOR shall proceed diligently with performance of this Contract, pending final resolution of any request for relief, claim, appeal, or action arising under or relating to the Contract, and comply with any decision of the OWNER.

ARTICLE XIII. USE OF UTILITIES

- A. The OWNER shall make all reasonably required amounts of utilities available to the CONTRACTOR from existing outlets and supplies and shall cooperate with the CONTRACTOR to facilitate the performance of the work. The CONTRACTOR shall carefully conserve any utilities furnished without charge.
- B. The CONTRACTOR, at its expense and in a manner satisfactory to the OWNER, shall install and maintain all necessary temporary connections and distribution lines, and all meters required to measure the amount of each utility used for the purpose of determining charges. Before final acceptance of the work by the OWNER, the CONTRACTOR shall remove all the temporary connections, distribution lines, meters, and associated paraphernalia at its expense.

ARTICLE XIV. TERMINATION OF CONTRACT

A. FOR CAUSE:

- 1. If the CONTRACTOR refuses or fails to prosecute the work, or any separable part thereof, with the diligence that will ensure its completion within the time specified in this Contract, or any extension thereof, or fails to complete said work within this time, the OWNER may, by written notice to the CONTRACTOR, terminate the right to proceed with the work (or ANY separable part of the work) that has been delayed. The CONTRACTOR and its sureties shall be liable for any damage to the OWNER resulting from the CONTRACTOR's refusal or failure to complete the work within the specified time, whether or not the CONTRACTOR's right to proceed with the work is terminated. This liability includes any increased costs incurred by the OWNER in completing the work. The OWNER will attempt to obtain competitive bids for the remainder of the incomplete work when possible.
3. The CONTRACTOR's right to proceed shall not be terminated or the CONTRACTOR charged with damages under this clause if:
 - a. The delay in completing the work arises from unforeseeable causes beyond the control and without the fault or negligence of the CONTRACTOR; and
 - b. The CONTRACTOR, within 10 days from the beginning of such delay, notifies the OWNER in writing of the causes of delay. The OWNER shall ascertain the facts and the extent of the delay. If, in the judgment of the OWNER, the findings of fact warrant such action, time for completing the work shall be extended by written modification to the Contract. The findings of the OWNER shall be reduced to a written decision that shall be subject to the provisions of the Disputes clause of this Contract.
4. If, after termination of the CONTRACTOR's right to proceed, it is determined that the CONTRACTOR was not in default, or that the delay was excusable, the rights and obligation of the parties will be the same as if the termination had been for convenience of the OWNER.

B. FOR CONVENIENCE:

1. The OWNER may terminate this Contract in whole, or in part, whenever the OWNER determines that such termination is in the best interest of the OWNER. Any such termination shall be effected by delivery to the CONTRACTOR of a Notice of Termination specifying the extent to which the performance of the work under the Contract is terminated, and the date upon which such termination becomes effective.
2. If the performance of the work is terminated, either in whole or in part, the OWNER shall be liable to the CONTRACTOR for reasonable and proper costs resulting from such termination upon the receipt by the OWNER of a properly presented claim setting out in detail:
 - a. the total cost of the work performed to date of termination less the total amount of contract payments made to the CONTRACTOR;
 - b. the cost (including reasonable profit) of settling and paying claims under subcontracts and material orders for work performed and materials and supplies delivered to the site, payment for which has not been made by the OWNER to the CONTRACTOR or by the CONTRACTOR to the subcontractor or supplier;
 - c. the cost of preserving and protecting the work already performed until the OWNER or assignee takes possession thereof or assumes responsibility therefore;
 - d. the actual or estimated cost of legal and accounting services reasonably necessary to prepare and present the termination claim to the OWNER; and
 - e. an amount constituting a reasonable profit on the value of the work performed by the CONTRACTOR.
3. The OWNER will act on the CONTRACTOR's claim within days (60 days unless otherwise indicated) of receipt of the CONTRACTOR's claim.
4. Any disputes with regard to this clause are expressly made subject to the provisions of the Disputes clause of this Contract.

ARTICLE XV. WARRANTY

All work performed under this Contract shall be guaranteed for a period of one (1) year from the date of acceptance of all work by the OWNER unless a longer period is required by the Scope of Work, Specifications, or Drawings. The CONTRACTOR shall also furnish the OWNER all manufacturers' and suppliers' written guarantees and warranties covering materials and equipment furnished under this Contract.

XVI. PERMITS, LICENSES, SUBCONTRACTORS

The CONTRACTOR further agrees that it has not in any manner, directly or indirectly, sought by agreement or collusion with any bidder or other person to fix its bid price or that of any other bidder or to fix any overhead or profit, or that of any other person, or to secure advantage against the OWNER or against any person interested in this proposed Contract. CONTRACTOR further certifies that there have been no fraudulent or deceitful arrangements between the CONTRACTOR and subcontractors, and between CONTRACTOR and OWNER.

ARTICLE XVIII. INDEMNIFICATION

CONTRACTOR agrees that it will indemnify, save and hold harmless the OWNER and the City of Milwaukee, its officers, employees, or agents, from and against all claims, demands, actions, damages, loss, costs, liabilities, expenses, judgments, and litigation costs, including reasonable attorneys’ fees, photocopying expenses and expert witness fees, recovered from or asserted against the OWNER on account of injury or damage to person or property, or otherwise, to the extent that such damage, injury, or other loss may be incident to, arising out of, or be caused, either directly or proximately, wholly or in part, by an act or omission, negligence or misconduct on the part of the CONTRACTOR or any of its agents, servants, employees or subcontractors.

The OWNER shall tender the defense of any claim or action at law or in equity, arising out of or otherwise related to an act or omission, negligence, or misconduct on the part of the CONTRACTOR or any of its agents, servants, employees or subcontractors, to the CONTRACTOR or its insurer and, upon such tender, it shall be the duty of the CONTRACTOR and its insurer to defend such claim or action without cost or expense to the OWNER.
